# Our Experience.:

## *Air Cargo (Import/Export) via Singapore Airport.*

General Goods & Odd Size / Heavy-Duty cargo via airfreight is our speciality.

We have allotment with airline for airfreight via Singapore Airport to Worldwide.

We also have daily truck for air cargo delivery or collection via Singapore Airport.

## *Import / Export Transloading via Singapore.*

Transloading Handling via Singapore is our speciality.

One of the project we handled is Aluminium Coils transloading via our Singapore Warehouse.

Aluminium Coils from Japan to Johor Bahru under containerized.

Each coil around **7000.00 KGS**, total 3 coils per 20'GP container.

Coils loading/unloading & containers unstuffing using heavy-duty forklift.

Transloading via our Singapore Warehouse to Johor Bahru Factory by land trucking.

## **Dangerous Goods Import/Export.**

For DG cargo, MSDS (Manifest Safety Data Sheet) is required for shipping line & airline.

Shipper/Export must provide the MSDS before quotation.

DG cargo packing must follow the requirement of MSDS with DG sticker on the outer packages.

Shipping line & airline hold the right reject the cargo if the cargo packing not under the requirement of MSDS.

## **Cross-Border Delivery.**

We provide daily cross-border delivery service for goods in/out between West Malaysia & Singapore.
